## Student Leadership Elections:

**VOICES OF  
AKSHARA  
20  
25**

In our school, this year's student leadership elections were conducted with great enthusiasm and active participation. To select leaders for the posts of School Pupil Leader (SPL), Assistant School Pupil Leader (ASPL), Cultural Secretary, Deputy Cultural Secretary, and Sports Captain, voting was held among the students of Grades 9 and 11 who had nominated themselves for these roles.

The election process was designed to mirror the democratic practices followed in our country. All students from Grade 6 to Grade 12 took part in casting their votes joyously, experiencing first-hand the power and responsibility of making informed choices.

This initiative helped students understand how elections are conducted in India and the importance of their rights as future citizens. Students learned the values of fairness and accountability through the voting process. The event created a sense of pride and belonging among all participants. It inspired many to aspire to leadership roles in the future.

# Glimpses of Educational trip

Next, the students visited the D-WARTS Water Treatment Plant, where they learned about the purification and treatment of wastewater. They were introduced to key processes such as filtration, aeration, sedimentation, and chlorination. The staff explained how clean water is essential for health and how the plant contributes to sustainable water management. Students asked many questions and showed great curiosity about how wastewater can be reused safely.

An educational trip was organized for the students of Grades 7 and 8 to visit two important industrial units in Puducherry – Ponlait Dairy and the D-WATS Water Treatment Plant. The purpose of the trip was to give students hands-on exposure to essential industries related to daily life and environmental sustainability.

At PONLAIT , They observed stages like collection, testing, pasteurization, and packaging, and understood the importance of hygiene, machinery, and quality control in dairy production.

# Activity - based learning

**GRADE - 4 :** Nature has enough for everyone but use resources wisely - **Plant swap activity.** Through the plant swap activity, children learn that nature provides abundantly for everyone, but mindful usage is essential. They understand the importance of sharing, sustainability, and caring for the environment. This hands-on experience fosters responsibility, empathy, and awareness of how small actions can contribute to conserving natural resources for the future.

## Grade4

### Activity : Ascending order and descending order

Children will understand the concepts of ascending and descending order by arranging natural materials like leaves, stones, sticks, and sand, enhancing comparison skills, logical thinking, and hands-on learning.

## Grade 4

### Topic : Place value chart

Children were able to identify the place value. Through this activity, they were able to understand the value of digits based on their position in a number. Children were able to read and write the numbers. This enhances number sense and supports real-life mathematical understanding.

# Activity - based learning

**Grade - 5 Activity:** Making paper boats and testing them by placing them in water and adding small weights to observe if they sink or float"

## Solubility Experiment:

In our science class, we conducted a fun experiment to understand solubility and insoluble substances. Students observed how different materials reacted when mixed with water and learned about what dissolves and what doesn't.

- Grade 5

# Activity - based learning

## **Evaporation Experiment:**

We also conducted an engaging experiment on evaporation. By observing water disappearing over time, students learned how heat and air play a role in changing water into vapor.

**Activity:** Exploring the globe to find the five oceans and identifying the countries they are located near.

## **வகுப்பு - 4**

### **பனைமரம் மற்றும் அதன் பயன்பாடுகள் -**

பனைமரத்தின் பயன்பாடுகளைப் பற்றி மாணவர்கள் அறிந்திருந்தனர். அதன் ஒவ்வொரு பகுதியும் உணவு, வீடு, இயற்கை இனிப்பு, கைதொழில் பொருட்கள் போன்றவற்றில் எப்படி பயன்படுகிறது என்பதையும் புரிந்திருந்தனர். சுற்றுச்சூழலுக்கான பனைமரத்தின் முக்கியத்துவத்தையும் அவர்கள் உணர்ந்திருந்தனர்.

# Activity - based learning

**Grade : 4**

**Topic : Germination of seeds**

Through the seed germination activity, students understood the structure of a seed and the conditions needed for germination —water, air, and warmth. They observed, recorded, and shared their findings, developing scientific thinking. The activity enhanced their observation skills, curiosity about nature, and understanding of plant growth processes.

**Grade : 6**

**Topic : Recreation of Fables - The fox and crow.**

Children creatively retold classic fables with unique twists, enhancing their narrative skills, vocabulary, and moral understanding. Through storytelling and role-play, they gained confidence in English and connected literature to real-life values.

## SATURDAY ACTIVITIES

### Father's day greeting card preparation by Grade 5 & 11

### Flower stranding by Grade 9 & 11

FLOWER STRANDING

# SATURDAY ACTIVITIES

## Festoon making activity by Grade 3 & 5

June, 2025

# SATURDAY ACTIVITIES

## Notebook covering activity.

by Grade 3 & 4

## Young mind , Grand moves!

### Young Achiever – Prithivish, Grade 3

We are proud to share that our proud Aksharite, Prithivish of Grade 3 has brought laurels with his outstanding achievements in chess. A talented and focused player, he secured the 3rd prize in the Rotary Club Chess Tournament held at Cuddalore

He further proved his mettle by earning the 5th position in the prestigious 38th National Under-7 Open and Girls Chess Championship, showcasing his skill on a national platform.

With his dedication and determination, Prithivish continues to grow as a promising chess player. His success is a moment of pride for the state and the nation.

### Leadership in Action: Big Hearts, Small Hands

In a heartwarming moment , a Grade 7 student is seen guiding his younger school mate with patience and care. This simple act of helping his junior reflects the true essence of leadership — empathy, support, and responsibility. At Akshara Vidyaashram, we nurture not just minds, but values that shape tomorrow's leaders.

## July month events

- ✓ Investiture Ceremony
- ✓ Grandparent's day
- ✓ Educational trips for Grades 9 to 12
- ✓ Short Educational trips for Grades 1 to 6

Warm Regards!!
